5 Tips for Avoiding Fungal Foot Infections

As summer gets closer, there are more opportunities to kick off your shoes and go barefoot but consider the possible consequences before you do. The vast majority of foot infections, including athlete's foot, toenail fungus, and warts, are transmitted by direct contact. That means walking barefoot will greatly increase your chances of getting one of these annoying—and sometimes challenging to get rid of—infections.

**Recipe of the Month
French Potato Salad**

This No-Mayo French Potato Salad is Perfect for Potlucks and Outdoor Dining

Ingredients:

Dressing

- 1/4 cup extra virgin olive oil
- 3 Tbsp grainy Dijon mustard
- 2 Tbsp Sherry vinegar
- 1 shallot, finely minced
- 2 cloves garlic, minced very fine
- Pinch of salt to taste

Salad

- Salt
- 2 lbs small fingerling potatoes (use another new or baby potato if you like)
- 1/3 - 1/2 lb green beans, trimmed and cut in half
- 1/2 cup finely chopped fresh parsley
- 2 tsp fresh thyme leaves, or more to taste
- 1/4 red onion, slivered
- Freshly cracked black pepper to taste

Instructions

For The Dressing

- Whisk all the ingredients together vigorously until they emulsify into a thick dressing. Taste to adjust any of the elements to your liking.

For The Salad

- Put the **potatoes** in a large pot and cover them with 2 inches of cold water. Add a tablespoon of **salt** to the water. Bring to a boil, turn down the heat, and boil gently until the potatoes are tender. To check them, insert the tip of a sharp knife into a potato - it should glide in easily. Add the **green beans** to the pot and cook for another minute or two.
- Drain the potatoes and beans. While they are hot, slice the potatoes in half lengthwise. If your potatoes are large, you can slice them into smaller pieces.
- Put the potatoes and beans into a large bowl and toss gently with some of the **dressing** while everything is still hot. The potatoes will absorb the dressing and its flavors this way.
- When the potatoes have cooled, toss them with the **herbs** and **onions**. Add more dressing at this time if needed. Chill the salad before serving it with a grinding of fresh **black pepper**.
