### **2018 PLATINUM AWARD - PATIENT SATISFACTION**

Dear Dr. Lebovic:

Congratulations - your patients consider you one of the very best podiatrists in New Jersey!

The National Council for Patient Satisfaction recognizes physicians who consistently surpass their patients' expectations. According to our data, your patients are exceptionally satisfied and have given you 4-5 star ratings across all nationally recognized on-line physician review databases, including [vitals.com](http://vitals.com), [healthgrades.com](http://healthgrades.com), [zocdoc.com](http://zocdoc.com) and [ratemds.com](http://ratemds.com).

Today's patients are more discerning and selective than ever before. Every aspect of the patient experience — from the intake appointment to the follow-up care — is closely scrutinized and critically important. Only a select few physicians in a given field and geographic area provide an extraordinary level of care from start to finish, and you are in that elite group.

Share this achievement with current and prospective patients by choosing one of our customized awards to display in your office. And, be sure to include "National Council for Patient Satisfaction 2018 Platinum Award Recipient" in your list of accreditations and on all of your print and on-line publications and promotional pieces.

Again, congratulations on a job well done.

Sincerely,

A handwritten signature in cursive script that reads "Stacey Bivona".
